Description: Villa "I Capricci" Lago Trasimeno

The Villa

Welcome to our historic villa! Our name, which means "The Whims", is after Lady Merion, a marvellous woman who lived in the late 19th century, and one of her whims. Doubting her lover, the Baron of Rondò, she had him prove his love by building her a house where she could surround herself by her beloved art and play her harp in absolute peace. The eccentric and cosmopolitan Merion lived at the height of the Liberty style which was exploding throughout Europe. The "Capricci di Merion" is a completely renovated Liberty- style villa, located near Lake Trasimeno amidst the lush greenery of Umbria.

Relaxing

Walking through the olive groves that surround the villa, lounging on the grass of the lawn or simply sitting in the garden admiring the view, you can still enjoy the same sensations that Merion and her lover experienced once upon a time.

In this atmosphere, our guests can luxuriate in a swimming pool nestled in a green yard and a little corner dedicated to wellness which includes a sunbed, a sauna and a Jacuzzi tub, special touches that make a stay in the Villa all the more unique and exclusive.

Our outdoor swimming pool merits special note. It is filled with salt water and features a wonderful two- level hydromassage corner. The peace in the park around the villa is met by the gentle sound of the water falling softly from one level to the other in the pool.

Sleeping

The atmosphere that surrounds this villa is infused with Merion's passion for painting, poetry and music. The rooms abound in references to the architectural styles that she loved.

Each room bears the name of a historic personage who made the era in which she lived great.

Our guests will appreciate the care taken in choosing fabrics for towels, sheets and curtains. All are of the finest quality and 100% natural.
