

Description: Arredamenti Espositori Negozi Bizzarri srl Foligno

Big range of **displays** and accessories which might become **personalized solutions** for a small and big distribution. Our high competences and knowledge in the field allow us to fulfill any your requirements. We suggest a fusion of economical approach, innovation and design.

Bizzarri S.r.l. was created in the 90's to continue the line of business carried out by the company called "Bizzarri Marco", founded in 1985. Bizzarri S.r.l. has steadily grown to become a flexible, customer-oriented business group.

We strive to combine **cost- effectiveness, innovation and design** in all our products and systems, in order to achieve complete customer satisfaction. Our competence and in- depth knowledge of a **large and small- scale retail** are the resources that allows us to satisfy all our customers' requirements. The expertise gained over the years makes Bizzarri an ideal consultant for customers who want the full service, from store design to technical assistance.

The concept at the base of our work has always been to design our products with a craftsman's care for detail and an **industry's potential** for manufacturing, achieving the right mix of sturdiness, flexibility and competitiveness required by customers. This has led us to attach great importance to understanding the present and anticipating the future, focusing on modern design but also on the reliability and lifetime of our product.

The experience gained and the results achieved over the years, together with our goal to provide increasingly **better products**, are the basis of our understanding of customers' needs for reliable, customizable sales aids.

We will be happy to hear from you, whether you are already a customer or want to learn more about how we can help you!
