Description: Resort & SPA Beauty Farm Trasimeno Lago Trasimeno

Resort & SPA Beauty Fram Trasimeno is situated on the borders of Umbria and Tuscany on the gently rolling hills among the vineyards and centuries- old olive.
The current owners, Signora Roberta Baseggio and Dr. Enrico Sorrentino, have lovingly restored the ancient monastery, once home to the Olivetani monks from San Secondo on Polvese Island, and now welcome guests to this special place, periodically organising meetings and training courses.

Resort & SPA Beauty Farm Trasimeno welcomes it's guests in **14 double Superior/ Deluxe bedrooms**, all complete with **private bathrooms** and other additional services such as: **mini bar, hairdryer, telephone and TV satellite**. All bedrooms are dislocated in renovated ambients where the monks use to live in the past, therefore the guests can enjoy a quiet and private stay. Each bedroom maintains the peculiarity of the old times while the interiors are characterized by different textures such as silk and linen.

The **restaurant** offers the opportunity to taste the **flavors typical of Umbria and Tuscany**.

With starters with typical products, handmade pasta and meat from animals raised exclusively in a traditional manner, our kitchen will make you rediscover the flavors that characterize our land.

You can choose among a lot of wines in our **wine list**. Many wines of Umbria and Tuscany and a selection of the best Italian wines.

You can also taste the delicious wine obtained from our vineyards

An opportunity to devote some time and attention to your body and your mind...

The Resort offers a **relaxing SPA** where guests can indulge in to the wonderful atmospheres of the old Monastery while dedicating time to professional treatments and to a complete relax. **The SPA in fact includes: 4 massage cabinets, 1 Turkish bath, 1 Finnish Sauna, a solarium, a fitness and relax area**. It is as well possible to choose from a vast list of beauty treatments for body and face, as well as different oriental massage techniques meant for a complete well- being.

The monastery was restored around six years ago, and the areas within the complex were restored with various uses in mind.

- a Restaurant hall hosting 50 seats;

- a bar;

- An elegantly decorated room derived from the old chapel of the convent, which will be available to guests who want to after a lunch or dinner with friends
