Description: Luxury rooms "Residenza D'Epoca Jacuzzi" Perugia

Jacuzzi Residence is an old stately home that has been transformed into a period residence of **19 ample- sized rooms and suites, elegantly furnished and decorated**, with all modern comforts, where our guests can enjoy the enchanting atmosphere of a gentleman's residence, surrounded by frescoes and the original décor.

Jacuzzi Residence, an **historical residence** right in the heart of Umbria, allows you to re- live the enchantment of the past times, to taste the flavours of Umbria's traditional delicacies and to enjoy a peaceful stay in the midst of its surrounding park.

Jacuzzi Residence is a **17th century villa peacefully surrounded by a vast estate of more than 30 hectares, which includes an age- old wood- land, olive groves, cherry and walnut groves and farming lands.**

Between 1846 and 1861, when Umbria belonged to the Papal States, the Residence was the seat of the Papal Delegate, as the Earl Alessandro Baldeschi was a close friend of Pope Pius IX, who appointed him to the post of Delegate.

When the Generosi family purchased the villa in 1961, it was in a state of neglect, but a long- term, skilful and accurate refurbishment has restored it to its original magnificence; its Renaissance, austere façade conceals a variety of rich and refined internal rooms.

The place where the Residence stands changed many times over the centuries: in the Roman times, it was a "rustic villa", then in the Middle- Ages it became an embattled tower; in the 16th century it turned out to be a stately home after a significant enlargement, commissioned by the Baldeschi Earls, who had shortly before become the landlords, and carried out by some local architects, who took inspiration from Sangallo and Alessi.

The Generosi family lives in a private area of the villa, next to 19 elegant rooms designed for guests who cherish the charm of bygone centuries. The palace has a noteworthy dining room with frescoes of the 17th century, with a painted coffered ceiling and a large fireplace decorated with a blazon.

The consecrated chapel contains a Neo- Gothic altar with wooden polychrome carvings.

At the time the estate was no longer a farm: it was a "pleasure ground", or a "little Arcadia", as evidenced by the remains that can be found in the park still today: ruins, statues, grottos and a fountain- head.

Each room is different from the others; they are all ample- sized, painted in pastel colours that harmonize perfectly with the rich shades of the textiles, fitted out with period furniture, pictures and objects that all belong to the home's history. The up- to- date comforts (**air conditioning, direct telephone line, Internet connexion, satellite TV, minibar, safe, soft extra- pillows, sanitary and anti- mite protection of beds**) complement the elegance and sobriety of the rooms. **Each bathroom is provided with a hydro- massage bathtub**, a shower, a hairdryer and bathroom scales. Each room is named after a person who is linked with the Jacuzzi's memory, either someone who once belonged to the family of the earlier landlords, or a special guest.

Extra- virgin olive oil

Our extra- virgin olive oil is made with the olives that are picked in our farm, that surrounds the Jacuzzi Residence of Corciano; the olives belong to the following varieties: "**Dolce Agogia**", "**Leccino**" and "**Moraiolo**". The picking is made by hand only, in order to preserve the integrity of the olives and they are cold- pressed in the mill, according to the tradition, right after being selected. It is a **limited, high- quality production**, for refined connoisseurs who look for genuine tastes. We thus wanted to perform a gesture of love for our land, as well as a gesture of friendship for all those who will have the opportunity to experience its most precious flavours through this excellent product.

The Jacuzzi Residence is in the middle of an estate of more than 30 hectares: the **vast enclosed park** which surrounds the villa hosts a **swimming- pool** is the ideal place to relax in the midst of the calm of the countryside.

Special attention is paid to **breakfast**, which is served in the large dining room decorated with frescoes: **each delicacy is carefully chosen and prepared, with a particular regard to the wishes of every single guest.**

Inside the building, there is a **still consecrated chapel**, with an exquisite Gothic revival altar made of polychrome woods.

A five- a- side football field, jogging paths in the woods and a gym inside the residence allow our guests to stay in shape.

In a few minutes by car it is possible to reach 3 golf- courses of international level; there is also a large riding- school quite close to the estate.

A shuttle minibus and a private car are available on request to reach Perugia, the railway station and the airport.
